ages 3-21 on the autism spectrum. We address the  
learning needs of the children we serve through  
individual education plans, a highly trained teaching

behavioral therapies with a focus on independence. In  
addition, children are schooled in the arts, technology,  
wood-shop, French, athletics, vocational programming,  
social skills and daily living skills. Generous donations  
from our families, foundations, area businesses and
